IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Turner Co. Recreation Department Failed to Comply with a Testing Procedure

Comm. Joe Burgess
District 1

Our water system Turner Co. Recreation Dept. recently failed to comply with a required testing procedure. Even though this was not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation.

Comm. Daryl Hall
District 2

****We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether our drinking water meets health standards. During 07/01/2018 to 09/30/2018, we did not complete all monitoring or testing for Total Coliform, and therefore cannot be sure of the quality of your drinking water during that time. ****

Comm. Sam McCard
District 3

Comm. Brad Calhoun
District 4

What should I do?

There is nothing you need to do currently.

County Manager

What is being done?

Latrice Wilson
County Clerk

On 02/14/2019 we collected a new sample of our finished water in order to have it analyzed for Total Coliform. We sent the sample to the certified lab via courier to ensure that the sample within the allowed holding time. We have since begun regular monthly testing of the water at the Turner Co. Recreation Department.
