

Turner County Airport Authority
208 E. College Avenue
Ashburn, Ga. 31714

Request for Bids

The Turner County Airport Authority is seeking bids to clear all trees that are currently affecting FAA requirements for clear approach visuals to runways 17 and 35.

The scope of the work will be to cut and lay down all trees within the determined area to include 150 feet from the fence line on runway 17 to the Ashburn Sewage Treatment plant. This also includes topping a single tree on the runway 35 approach. The purpose is to bring Turner County Airport(75J) into compliance with established FAA safety guidelines. Special attention and handwork will be required to operate in sensitive wetland areas.

Once initial compliance has been accomplished a separate bid for a once-a-year service to maintain those standards is required.

The bidding shall be open until April 10, 2024.

All bids to be submitted to: Turner County Board of Commissioners
208 E. College Avenue
Attn: Turner County Airport Authority
Ashburn, Ga. 31714

For additional information contact Michael Geoghagan, Airport Manager at 229-425-2640
